

SCHEDULE A

TERMS AND CONDITIONS

Section A - General Provisions

1. **Definitions.** Capitalized terms used and not otherwise defined herein shall have the meanings ascribed to such terms in Section B (Glossary of Defined Terms) of this Schedule A.

2. **Elavon Services and Hosted System.**

(a) **Hosted Gateway Services.** Elavon will provide Customer the services described in this paragraph (the “Hosted Gateway Services”). The Hosted Gateway Services will support Payment Device authorization data and facilitate the transmission of authorization and settlement information related to Transactions to and from various Origination Points (e.g., property management systems (PMS), point of sale systems (POS) and/or other Payment Device data capture integrations) used by Customer as mutually agreed to between Elavon and Customer. The Hosted Gateway Services shall submit Transactions received from an Origination Point in accordance with the Agreement to the Destination Point (or Payment Services Entity) designated by Customer for authorization as mutually agreed to between Elavon and Customer, and will return to the Origination Point the authorization response message received from such Destination Point (or Payment Services Entity). A list of Payment Devices and Transaction types supported by the Hosted Gateway Services is available from Elavon upon request.

The Hosted Gateway Services include a browser-based user interface (i.e., the Service Web Site) that provides Customer with the functionality for batch management, settlement balancing, and research and reporting of Transactions. System reporting shall be available to all Authorized Users via secure password and log-on access. Customer acknowledges and agrees that the system reporting and application features and services available to Customer may vary depending on the Elavon Services used by Customer.

(b) **Customer Access to and Use of Elavon Services and Hosted System.** Elavon grants Customer the right to access and use the Hosted System and Elavon Services as provided in the Agreement. Specifically, subject to the terms, conditions and limitations set forth in the Agreement, Elavon grants Customer a limited, revocable, non-exclusive, non-assignable, non-transferable right in the Territory during the Term to: (i) use the Hosted Gateway Services to exchange information with the Hosted System, (ii) use the Additional Services, if any, and (iii) access and use the Service Web Site solely for Customer’s own internal business purposes in accordance with the terms and conditions of the Agreement. All such access and use of the Elavon Services and the Hosted System shall be from systems and facilities located within the Territory.

(c) **Elavon Certification.** In order to provide Elavon Services with respect to a certain Destination Point, Elavon must be certified with that Destination Point for the applicable Elavon Services and/or Transactions requested by Customer. Customer acknowledges and agrees that: (i) all Elavon Services may not be available for all Destination Points, and (ii) Elavon may not be certified with, or remain certified with, each Destination Point in order to provide the Elavon Services in connection with or to submit Transactions to that Destination Point. All access to and use of Elavon Services by Customer is subject to the limitations and restrictions for those Elavon Services set forth in the Agreement and the applicable Additional Services Addenda. Notwithstanding the foregoing, in the event Elavon is the Destination Point, Elavon shall remain certified to provide the Elavon Services with respect to, and to submit Transactions to, itself as the Destination Point throughout the Term.

(d) **Updates to Elavon Services and Materials.** Customer acknowledges and agrees that Elavon shall have the right, in its sole discretion, to provide Updates of or to the Elavon Services, the Hosted System and/or Elavon Materials from time to time during the Term.

(e) **Support Services.** Elavon shall provide Customer with Support Services in accordance with the terms set forth in Section C of this Schedule A. Notwithstanding anything in the Agreement to the contrary, Elavon shall not be required to provide Support Services if any of the following events occur and remain uncured for ten (10) days after Elavon has provided Customer with written notice of such occurrence: (i) Customer’s failure to pay all fees in full when due (excluding fees that Customer has disputed in good faith) or (ii) Customer’s material breach of any of the terms of the Agreement.

(f) **Professional Services.** Elavon may perform certain professional services as mutually agreed pursuant to a professional services agreement to be separately executed by the parties.

(g) **Third Party Contractors.** Customer acknowledges and understands that Elavon may use the services of third party service providers in connection with the performance of Elavon Services under the Agreement, including any Additional Services Addendum to the Agreement, without Customer’s consent. Except as otherwise provided in the Agreement, Elavon will be responsible for the performance of its obligations hereunder notwithstanding any use of or delegation of any responsibility to a third party service provider.

(h) **Settlement Funds.** Except as may be expressly provided herein or in another agreement between Customer

and Elavon, Elavon has no responsibility for Customer's receipt of settlement funds in connection with any Transaction, whether or not the Transaction or other data in connection with such Transaction was transmitted through the Elavon Services. It is Customer's responsibility to reconcile funds received in settlement of Transactions against actual Transaction activity, including any Transaction Receipts transmitted using the Elavon Services. Further, Elavon has no responsibility for the characterization or classification of any Transaction by any Transaction Processor or Payment Services Entity for interchange or other fee purposes. If Customer desires Elavon to perform any settlement or other Transaction processing functions for Customer, the parties shall enter into a separate Transaction acquiring agreement that shall describe the obligations of both parties in connection with such additional services.

3. Access Rights.

(a) Customer Access to and Use of Elavon Services. Customer and its Authorized Users will not, and will ensure that their employees do not: (i) access or use the Elavon Services for any purposes other than for internal business purposes, except as authorized by Elavon; (ii) copy, re-sell, republish, download, frame or transmit in any form or by any means the Elavon Materials or Elavon Services, or any part thereof, including, without limitation, in order to act as a consultant, service bureau, outsourcing or application service provider for any third parties, or otherwise allow any third party to use or access the Elavon Materials or Elavon Services; (iii) modify, reverse engineer, disassemble or decompile the Elavon Services, Hosted System or any part thereof or any underlying software; (iv) transmit any data that contains software viruses, time bombs, worms, Trojan horses, spyware, disabling devices, malicious code or other harmful or deleterious computer code, files or programs to or through the Connectivity or Elavon Services; (v) interfere with or disrupt the Connectivity, or the servers or networks connected to the Hosted System or providing the Elavon Services, or violate the regulations, policies or procedures of any associated networks; (vi) remove, change or obliterate the copyright, trademark or other proprietary protection legends or notices that appear in connection with access to and use of the Elavon Services or any associated Elavon Materials. Customer will not access or use, and it will not permit any Authorized User to access or use, the Elavon Services or any other Elavon systems or proprietary materials disclosed to Customer (or its designee) for the purpose of creating, in whole or in part, a system that is functionally competitive with the Elavon Services. Customer shall promptly notify Elavon of and shall otherwise cooperate with Elavon in preventing any unauthorized access to, or use or copying of, the Elavon Services, or any part thereof by Customer, Authorized Users or any third party. Customer is and shall remain liable for all access and use by Customer and its personnel including, without limitation, Authorized Users, of the Elavon Services, the Hosted System and any Connectivity.

(b) Third Party Software and Services. Customer acknowledges and agrees that certain of the products or services provided by Elavon or otherwise utilized by Customer in connection with the Elavon Services may use or communicate with software or equipment developed by or operated by third parties not under the control of Elavon. Unless otherwise specifically set forth in the Agreement or any schedule or any addendum hereto, Customer agrees to look solely to such third party for remedies, losses or damages related to that Third Party Software or equipment or third party services.

(c) Monitoring Rights. Customer acknowledges and agrees that the Elavon Services may allow Elavon to monitor access to the Elavon Services and Hosted System and to prohibit any access or use of data or information within the Elavon Services and Hosted System that Elavon reasonably believes is unauthorized, may violate applicable Laws or Payment Network Regulations or that may pose an unacceptable risk of material harm to Elavon, other Elavon customers or the Hosted System; provided, however, that Customer further acknowledges and agrees that Elavon has no obligation to detect or prevent, and will have no liability for failing to detect or prevent, any unauthorized access to or use of the Elavon Services using any password or user ID assigned to or by Customer.

(d) Customer Agents and Subcontractors. Customer will at all times remain responsible for any acts or omissions of any of Customer's subcontractors or agents in performance of its obligations as if performed by Customer pursuant to the Agreement. Elavon shall be entitled to rely upon the accuracy and completeness of information and data, including Customer Data, provided by any such subcontractor or agent on Customer's behalf to the same extent that Elavon is entitled to rely on information or data provided by Customer.

(e) Conflict of Provisions. The provisions of the Agreement shall govern and prevail as to any purchase orders, statements of work or order forms executed in connection with the Agreement, whether executed before or after the Effective Date.

(f) Authority. Customer agrees that the Agreement and any other agreement, schedule, exhibit, form, addendum or other document that is intended to be binding on Customer or upon which Elavon will rely in providing the Elavon Services must be executed by an authorized signer.

4. Responsibilities of Customer.

(a) Access to Elavon Services and Connectivity. Customer is responsible for implementing and maintaining Customer's access to the Elavon Services and Connectivity, including, without limitation, with respect to all Customer Connectivity Software, in accordance with the specifications and requirements provided by Elavon. Customer is responsible for the physical and technical security and safeguards for Customer Resources and Connectivity. If Customer is using a third party provider to

host any of its equipment, resources or software necessary to access or interface with the Hosted System or Connectivity, or if Customer will access the Elavon Services or transmit data to the Hosted System or the Connectivity through a third party hosting provider, Customer shall be responsible for compliance by that third party hosting provider with the terms and conditions of the Agreement and for the acts and omissions of that third party hosting provider. Customer acknowledges and agrees that Elavon shall not bear and expressly disclaims any and all liability related to Customer's use of telecommunications services and related networks of Customer or a third party, including, without limitation, failure of Connectivity or any erroneous transmissions, corruption or loss of data, or inability to access the Elavon Services, the Hosted System or Connectivity as a result of any telecommunications failure or failure of Customer equipment or resources or Customer Software, including, without limitation, Customer network connectivity or due to the acts or omissions of any third party hosting or telecommunications provider.

(b) On-going Certification and Compliance. Any Customer Resource or system that may access or transmit data to the Elavon Services or the Hosted System must be submitted to Elavon for testing and approval and be certified by Elavon ("Certification") before Customer may access or use the Elavon Services or the Hosted System in connection with such Customer Resource or system. Customer is responsible for ensuring that any Customer Resource or Customer system that may access or transmit data to the Hosted System and systems of third-party vendors used by Customer in connection with the Elavon Services maintains certification and compatibility with the Elavon Services and the Hosted System and complies with all applicable Laws, Payment Network Regulations, and all applicable rules and standards promulgated by the Payment Card Industry Security Standards Council ("PCI SSC"), as all may be modified or changed from time to time. Failure of Customer's systems, including, without limitation, Customer's point-of-sale system or property management system, or any third party systems to maintain Certification or to be compatible and function with the most recent Elavon Services as regulated and/or required shall excuse Elavon from any and all liability and all of its obligations under the Agreement, including, but not limited to Section C of this Schedule A, and in connection with any other services that Elavon may be providing to Customer.

(c) Set-up and Boarding. Customer will cooperate with Elavon in the Customer Boarding and the Customer Validation Process and provide to Elavon all specifications, information and data required by Elavon in the process of assimilating the information and data necessary to confirm that the Hosted System and each Customer Location and Origination Point are configured to make use of the applicable Elavon Services and to process Transactions through the Hosted System. Elavon is entitled to rely on the information provided by Customer in connection with Elavon's set-up and boarding of a Customer Location and Origination Point in the Hosted System and in Elavon's performance of the Elavon Services, including

identification and set-up of Destination Points, Payment Services Entities, Customer ID, merchant category code, and any other information that may impact the Elavon Services or the processing of Transactions by Elavon or any Payment Services Entity. Customer shall notify Elavon of any changes to any Customer Location information, including, without limitation, any Customer ID, in writing at least ten (10) days prior to the effective date of such changes and shall identify in the notice the date as of which Elavon should implement the change within the Hosted System. Elavon shall use commercially reasonable efforts to implement any such changes in accordance with Customer's reasonable instructions. In no event shall Elavon be liable for any errors in the handling of Customer Data, the processing of Transactions or in the performance of the Elavon Services that are attributable to: (i) inaccurate or incomplete information or data provided by Customer or (ii) Elavon's reliance upon Customer's instructions with respect to Customer Boarding. Customer shall be responsible for any and all fees and expenses associated with the Customer Boarding and the Customer Validation Process, as reflected on the Enrollment Form as the Customer Boarding Fee.

(d) Information Security and Data Protection. The Elavon Services are provided for use in accordance with the operating environment specifications and requirements provided by Elavon, including, without limitation, as provided in the Documentation, the Elavon Materials, and on or in connection with the applicable Additional Services Addenda. Elavon and Customer each will implement and maintain a written comprehensive information security program that complies with the Security Requirements. Customer agrees to reasonably cooperate with measures facilitated by Elavon for ensuring ongoing Security Requirement compliance by Customer. Notwithstanding the foregoing, Customer acknowledges and agrees that, as between Elavon and Customer, Customer is responsible for the physical and technical security and safeguards for all Customer Data, software, connectivity and equipment operated, maintained or provided by Customer or to Customer by any third party not under Elavon's control in connection with the Elavon Services, including, without limitation, communications devices, databases, telecommunications and network services, and related resources. Subject to the terms of the Agreement, Elavon acknowledges that it is responsible for the security of Cardholder Data that it transmits on behalf of Customer in connection with the Elavon Services while such Cardholder Data is in Elavon's possession.

(e) Administration: Authorized Users. Customer shall designate an Administrator in writing signed by an authorized signer. The Administrator shall create passwords and user IDs for Authorized Users, and Customer shall be responsible for the distribution and security of such passwords and user IDs. Customer is responsible for ensuring the access granted to each Authorized User to the Elavon Services or the Hosted System is limited to only the access and information necessary

for the Authorized User to perform his or her job functions on behalf of Customer. Customer shall ensure that all Authorized Users will be trained and qualified to access and use the Elavon Services in accordance with the terms of the Agreement and the Documentation. Customer is responsible for compliance with the terms of the Agreement by each of its Authorized Users and is solely responsible for all acts or omissions of the Authorized Users.

(f) **Security of Passwords/Access.** Customer is solely responsible for keeping all passwords and user IDs assigned to it and its Authorized Users secret and confidential, including, without limitation, as may be required to comply with the Documentation and applicable Security Requirements. Customer agrees it is solely responsible for any communications or other uses of the Elavon Services that are made using its or its Authorized Users' passwords and user IDs, as well as for any obligation which may result from such use. Customer is responsible for changing the user IDs and passwords of its Authorized Users if it believes that any of those user IDs or passwords have been stolen or might otherwise be misused and for disabling any Authorized User's IDs and passwords promptly upon the termination of employment of such Authorized User. Customer shall notify Elavon immediately of any unauthorized use of any password or user ID or any other breach of security that is suspected by Customer, including any violation of Security Requirements.

5. Suspension of Service. In the event of a Suspension Triggering Event, without limiting any other remedies available to Elavon at law or in equity, Elavon reserves the right to suspend: (a) Customer's and any Authorized Users' access to the Hosted System and/or (b) Customer's or any Authorized Users' access to and use of the Elavon Services, in each case under the circumstances provided in this subsection. Such suspension may be immediate and without prior notice if any of the following events occur: (i) Customer's breach of any applicable Laws or Payment Network Regulations; (ii) if required by any court order, Payment Services Entity, Payment Network or any Destination Point, provided, however, that, in the event any court order or notice from any Payment Services Entity, Payment Network or Destination Point does not require immediate suspension of Customer or an Authorized User, Elavon may delay such suspension for the time period permitted under the court order or in the notice by the Payment Services Entity, Payment Network or Destination Point, provided further that Customer will indemnify and hold harmless Elavon from any fines, penalties, levies, assessments or other costs associated with Elavon continuing to provide Connectivity or access to or use of the Hosted System or the Elavon Services following such court order or notice; or (iii) if Elavon determines, in its reasonable discretion, that the provision of Connectivity to or the use of or access to the Hosted System or the Elavon Services by Customer or any Authorized User poses an unacceptable security risk to Elavon, any Payment Services Entity, any Payment Network, any other Elavon customers or any Destination Point, or

jeopardizes the confidentiality, security or integrity of the Hosted System. Without limiting any other remedies available to Elavon at law or in equity, Elavon reserves the right to immediately suspend: (A) the provision of Connectivity to Customer or any Authorized User or (B) Customer's or any Authorized User's access to and use of the Hosted System or the Elavon Services if either of the following events occur and remain uncured for ten (10) days after Elavon has provided Customer with written notice of such occurrence: (x) failure by Customer to pay all fees to Elavon in full when due (excluding fees that Customer has disputed in good faith) or (y) material breach by Customer of any of the terms of the Agreement. "**Suspension Triggering Event**" shall mean any event described in this paragraph giving rise to a suspension right.

6. Fees and Payment.

(a) **Fees.** Customer shall pay Elavon the fees set forth on the Enrollment Form for Elavon Services under the Agreement, including the monthly minimum fee, if any. Notwithstanding any provision in the Agreement to the contrary, Elavon shall have the right to increase the fees set forth on the Enrollment Form or any schedule or addendum to the Agreement to pass through to Customer any increases in or any new fees imposed by a Destination Point or other Payment Services Entity, Payment Network or other third party. Elavon further reserves the right to pass through to Customer all fees, fines, penalties, or assessments imposed by any Destination Point or other Payment Services Entity, Payment Network or other third party as a result of the activities, acts or omissions of Customer. Any modification to fees identified as "pass-through" fees on the Enrollment Form or any other schedule or addendum that may later be added to the Agreement will reflect the actual costs to Elavon set by the third party for such fees.

(b) **Payment Terms.** All Elavon fees shall be billed in advance, unless fees are being calculated on a per Transaction basis. All fees shall be due and payable in accordance with the payment terms provided on the Enrollment Form and are non-refundable. Except as expressly provided on the Enrollment Form, all amounts due and payable shall be made in U.S. dollars. If Customer fails to pay any undisputed fees in full when due and payable, then, in addition to all other rights and remedies at law or otherwise, Elavon shall have the right to charge Customer, and Customer shall have the obligation to pay, interest equal to one percent (1.0%) per month on the unpaid amount for the period starting with the date payment was due and ending on the date when the full payment is received by Elavon. In addition, Elavon will be entitled to recover from Customer all reasonable costs incurred to obtain full payment of undisputed fees, including reasonable attorneys' fees.

(c) **Additional Fees.** Customer shall pay Elavon the fees set forth in each Additional Services Addendum for its use of the applicable Additional Services (collectively, the

“Additional Fees”). Additional terms and conditions related to Additional Fees may be set forth in the applicable Additional Services Addendum, a pricing exhibit thereto, or the Enrollment Form.

(d) DDA and ACH Authorization; Collection of Fees. Customer will establish and maintain with an ACH participating financial institution one or more demand deposit accounts (“DDA(s)”) to facilitate payment of fees to Elavon. Unless otherwise indicated in the Agreement, Elavon may debit any fees Customer owes to Elavon via ACH or similar direct transfer from Customer’s DDA within thirty (30) days of the occurrence of the Transaction or other event that caused such fees to be payable to Elavon, and Elavon shall submit a statement showing the amounts owed and debited within thirty (30) days of debiting any DDA. Customer irrevocably authorizes Elavon to initiate ACH credit and debit entries to the DDA in order to pay fees and any other amounts that may be due by Customer to Elavon under the Agreement. The foregoing authorizations will remain in effect after termination of the Agreement until all of Customer’s payment obligations to Elavon have been paid in full. Elavon has the right to rely on written instructions submitted by Customer requesting changes to the DDA. In the event Customer changes the DDA, the ACH authorizations established hereunder will apply to the new account and Customer shall provide Elavon such information regarding the new DDA as Elavon deems necessary to effect debits from or credits to the DDA as provided under the Agreement. It may take Elavon up to ten (10) business days after Elavon’s receipt of a written notice from Customer to reflect in its system any change to Customer’s DDA.

(e) Taxes. The fees listed under the Agreement do not include sales, use, excise, property, value added, gross receipts or any other taxes or import or export duties. In the event foreign, federal, state or local taxes or duties are assessed on the Elavon Services, Customer is obligated to pay those taxes and duties as required under applicable Laws and shall reimburse Elavon for any such taxes or duties, except for taxes based on the income of Elavon. If Customer is a tax-exempt entity, Customer will provide Elavon with an appropriate certificate of tax exemption.

(f) Payment to Customer’s Employees, Agents, Independent Contractors, Sales Representatives and Other Personnel. Customer acknowledges and agrees that Customer is solely liable for the payment of salaries, hourly wages or other compensation to any of Customer’s employees, agents, independent contractors, sales representatives or such other personnel engaged by Customer, and that Elavon shall have no obligation for any such payment.

7. Term and Termination.

(a) Term. Unless otherwise terminated as set forth herein, the Agreement will remain in effect for the term set forth on the Enrollment Form (the “Initial Term”). Following

the Initial Term, the Agreement will automatically renew for successive one (1) year terms (each a “Renewal Term” and together with the Initial Term, the “Term”) unless a party provides written notice to the other party of its intent not to renew the Agreement at least ninety (90) days prior to the expiration of the then current term.

(b) Termination by Customer.

(i) Customer shall have the right to terminate the Agreement upon written notice to Elavon in the event Elavon materially breaches the Agreement and the material breach is incapable of cure or remains uncured for a period of thirty (30) days after receipt by Elavon of a written notice of breach from Customer specifying the nature of the breach.

(ii) During the Initial Term, Customer shall have the right to terminate the Agreement without cause with ninety (90) days’ prior written notice to Elavon and subject to payment of an Early Termination Fee as set forth in Section A(7)(f) of this Schedule A.

(iii) During any Renewal Term, Customer shall have the right to terminate the Agreement without cause with ninety (90) days’ prior written notice to Elavon.

(c) Termination by Elavon. Without limiting the rights of Elavon to suspend provision of Elavon Services as provided herein, Elavon shall have the right to terminate the Agreement, upon written notice to Customer, in the event of any of the following:

(i) Customer is in monetary default of the Agreement for a period of fifteen (15) days after receipt of written notice of such default from Elavon; or

(ii) Customer otherwise materially breaches the Agreement and the breach is incapable of cure or remains uncured for a period of thirty (30) days after receipt by Customer of a written notice of breach from Elavon specifying the nature of the breach.

(d) Immediate Termination by Elavon. Notwithstanding any cure period described herein, Elavon shall further have the right to immediately terminate the Agreement or Customer’s use of the Elavon Services hereunder, without further liability on the part of Elavon, upon written notice to Customer in the event of any of the following: (i) Elavon determines, in its reasonable discretion, that it is commercially impractical to continue performing the Elavon Services in connection with the Agreement, including, without limitation, in light of a change in applicable Laws, Payment Network Regulations or the requirements of any Payment Services Entity; (ii) any Payment Network or Payment Services Entity prohibits Elavon from providing, or prohibits Customer from using, the Elavon Services related to that Payment Network or Payment Services Entity or otherwise requires that Elavon terminate one or more Elavon Services; (iii) in the event of a Change of Control of Customer; (iv) Customer is subject to a bankruptcy

proceeding; (v) Customer engages in activities that violate or cause Elavon to violate Payment Network Regulations or which cause Elavon to violate its agreement with any Payment Services Entity; or (vi) Elavon determines, in its reasonable discretion, that Customer has engaged in activities that are fraudulent, that violate applicable Laws or Payment Network Regulations, or that cause Elavon to violate applicable Laws or Payment Network Regulations, or that damage the goodwill of Elavon or any of the Payment Networks.

(e) Effect of Termination or Expiration. In the event of termination or expiration of the Agreement, all permissions granted to Customer to use the Elavon Services hereunder will immediately cease, and Elavon shall have the right to disable Connectivity and all access by Customer and Authorized Users to the Elavon Services, any Service Web Site(s) and the Hosted System, including all user IDs and passwords. Upon Customer's request, except as may otherwise be set forth in the Agreement or an Additional Services Addendum agreed to by the parties hereto, all Customer Data in Elavon's possession (except data contained in Elavon's backup files or required to be maintained under applicable Laws or otherwise permitted to be retained by Elavon hereunder) shall be forwarded to Customer, in the then-current format maintained by Elavon. Upon Elavon's request, all Elavon's Confidential Information in Customer's possession (except such information as is required to be maintained under applicable Laws) shall be forwarded to Elavon or destroyed, and, if destroyed, Customer shall certify to Elavon in writing that such information was destroyed. Customer shall promptly pay Elavon for all fees due to Elavon up to the effective date of termination or expiration. In the event Customer continues accessing the Hosted System or using the Elavon Services following the expiration of the Term or the termination of the Agreement or a schedule, Customer will be subject to all of its duties and obligations under the Agreement consistent with such access or use, including, but not limited to, Customer's obligation to comply with applicable Laws and Payment Network Regulations and pay the fees and other amounts due to Elavon for such access and use, until Elavon or Customer terminates such access and use.

(f) Early Termination Fee. If Customer provides notice of termination of the Agreement before the end of the Initial Term pursuant to Section A(7)(b)(ii) of this Schedule A, Customer shall pay Elavon an Early Termination Fee within fifteen (15) days of such notice of termination. Customer agrees that: (i) the Early Termination Fee is not a penalty, but rather is a reasonable estimate of damages to be sustained by Elavon upon the termination of the Agreement prior to the end of the Initial Term, and (ii) Elavon's actual damages are difficult or impossible to ascertain prior to termination.

8. Ownership and Reservation of Rights

(a) Retained Rights of Elavon. Customer acknowledges and agrees that, as between Customer and Elavon, Elavon retains all right, title and interest in and to the Elavon Services, Elavon Materials, Hosted System, Documentation, Elavon's

Confidential Information, Updates, Customizations and all Intellectual Property Rights in any of the foregoing. Customer has not acquired any ownership interest or license rights (except such rights as are expressly set forth in the Agreement (including Section A(2)(b) above)) in or to the Elavon Services, Elavon Materials, Hosted System, Documentation, Elavon's Confidential Information, Updates, Customizations or Intellectual Property Rights in any of the foregoing, in whole or in part, and will not acquire any such interest or rights by reason of the Agreement. In the event any right, title or interest in and to any Customizations is deemed to vest in Customer, Customer hereby assigns and agrees to assign to Elavon all worldwide right, title and interest in, to and under such Customizations, including, all Intellectual Property Rights therein. All rights not otherwise provided herein or in an applicable Additional Services Addendum are reserved to Elavon. Customer acknowledges and agrees that the rights granted to Customer under the Agreement are non-exclusive and nothing in the Agreement shall limit in any manner the ability of Elavon to market, sell, offer for sale, license or otherwise exploit the Elavon Services, Elavon Materials, Hosted System, Documentation, Elavon's Confidential Information, Updates, Customizations or Intellectual Property Rights in any of the foregoing to any third parties, directly or indirectly, or to appoint or authorize any other person or entity to do the same.

(b) Customer Data: Retention and Delivery

(i) Elavon shall not bear and expressly disclaims any and all liability related to Customer's use of telecommunications services and related networks of Customer or a third party, including, without limitation, failure of Connectivity or any erroneous transmission, corruption or loss of data, or inability to access the Elavon Services, the Hosted System or Connectivity as a result of the failure of the telecommunications systems, equipment, resources or software of Customer or any third party. Without limiting the foregoing, Elavon shall not be responsible for the reconstruction of any information or data lost in transmission to or from the Hosted System due to any malfunction of Customer's or Customer's third-party service provider's systems. Customer acknowledges that the ability of the Elavon Services to convert Customer Data into formats that can be used by the Elavon Software, other Elavon service offerings, any Destination Point or any other Payment Services Entity is based on the integrity of Customer Data in its systems, and Elavon is not responsible for ensuring or verifying the accuracy of the content or format of any Customer Data received by it. CUSTOMER ACKNOWLEDGES AND AGREES THAT THE ELAVON SERVICES RELY ON THE DATA AND DIRECTIONS PROVIDED BY CUSTOMER AND ITS AUTHORIZED USERS. ELAVON DOES NOT GUARANTEE THE ACCURACY, COMPLETENESS OR ADEQUACY

OF ANY DATA OR OTHER INFORMATION PROVIDED OR MADE AVAILABLE BY CUSTOMER OR ITS AUTHORIZED USERS, AND ELAVON WILL NOT BE LIABLE FOR ANY ERROR, OMISSION, DEFECT, DEFICIENCY OR NONCONFORMITY IN DATA OR RESULTS OBTAINED THROUGH CUSTOMER'S USE OF THE SOFTWARE OR THE ELAVON SERVICES, EXCEPT TO THE EXTENT CAUSED BY ELAVON'S BREACH OF THE AGREEMENT.

- (ii) Customer is responsible for ensuring it has all necessary right, title and interest in and to Customer Data to provide such information to Elavon for use and retention by Elavon as contemplated under the Agreement. Customer grants to Elavon a non-exclusive, royalty-free right and license to access and use all Customer Data as necessary or appropriate for Elavon to provide the Elavon Services and as otherwise permitted under the Agreement, including, without limitation, releasing such Customer Data to third parties as directed by Customer (including release to Destination Points and any other Payment Services Entities) or in connection with Elavon's performance of the Elavon Services. Customer acknowledges and agrees that Elavon may use, retain, distribute and disclose derivative data based originally on Customer Data that has been compiled and aggregated with other data (the "Aggregated Data"), so long as such Aggregated Data does not identify Customer as the source of such data. "Aggregated Data" shall not constitute Customer Data or Customer's Confidential Information under the Agreement provided that Elavon will not use Aggregated Data in any manner prohibited by applicable Laws.
- (iii) Elavon shall have the right to rely on instructions and approvals submitted by Customer regarding access to and use of all Customer Data. Customer may view and retain certain Customer Data stored by Elavon in accordance with the functionality of the applicable Elavon Services and the terms and conditions of the Agreement. The Hosted Gateway Services enable Customer (and its Authorized Users) to view and transmit certain Customer Data via the Service Web Site. In the event that Customer wishes to access or receive copies of Customer Data that is not accessible or downloadable via the Service Web Site, Customer may request that Elavon provide such Customer Data and Elavon will work with Customer to provide such Customer Data on mutually agreed upon terms; provided, however, that access to clear-text Cardholder Data will be provided to Customer only upon Customer's execution of a completed Clear Card Request Form, which is available from Elavon upon request. Subject to Elavon's obligations under the Agreement, Elavon shall have no responsibility for any Customer Data that Customer accesses or downloads from the Hosted System or for maintaining backups of Customer Data accessed, downloaded, or provided to Customer. Customer shall be responsible for maintaining such backup information and data (e.g., Transaction Receipts and detailed reporting) as Customer deems necessary in order to permit Customer to reconstruct any information or data lost due to any malfunction of Customer's or Elavon's systems, including, without limitation, the Elavon Services, the Hosted System or Connectivity.
- (iv) In connection with viewing and transmission of Customer Data pursuant to the Agreement, the Elavon Services or the Hosted System may permit Authorized Users to send and receive Customer Data to and from third parties. Elavon does not regulate or track the viewing, transmittal or receipt of any data to or by such third parties and shall not be liable or responsible for: (I) the viewing or use of Customer Data by a third party who has accessed or received such data: (A) from Customer or any Authorized User, or (B) using any user ID assigned to Customer, or (II) any transmission of Customer Data outside of the Hosted System by Customer, an Authorized User or any third party using any user ID assigned to Customer or any Authorized User.
